BOARD INFINITY

Interactive Prototype & Technical SEO Implementation

Board Infinity Prototype Execution & Technical On-Page SEO

PROJECT BY: MOHAMMAD MAAZ ANSARI

Week 7-8

TASK: 1

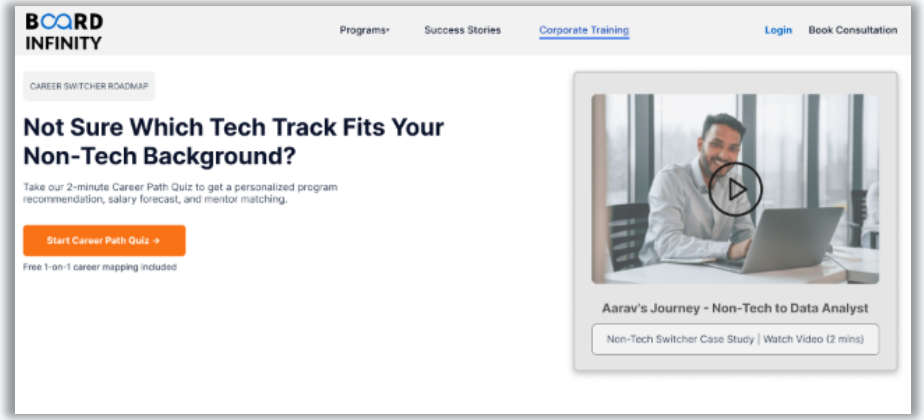

UI/UX Design System & Interactive High-Fidelity Prototype

Transforming low-fidelity wireframes into an interactive, high-fidelity clickable prototype optimized for non-tech career switchers.

🔗 **Interactive Figma Hi-Fi Prototype: Click Here**

1. Hero Section & First Impression Optimization

Driving Immediate Engagement & Clear Value Proposition

❑ Primary Navigation:

Clean hierarchy with active state indicators (**Programs, Success Stories, Corporate Training**) and quick access to login/consultation.

❑ Hero Headline & Copy:

"Not Sure Which Tech Track Fits Your Non-Tech Background?" - addressing user hesitation instantly.

❑ Primary CTA Strategy:

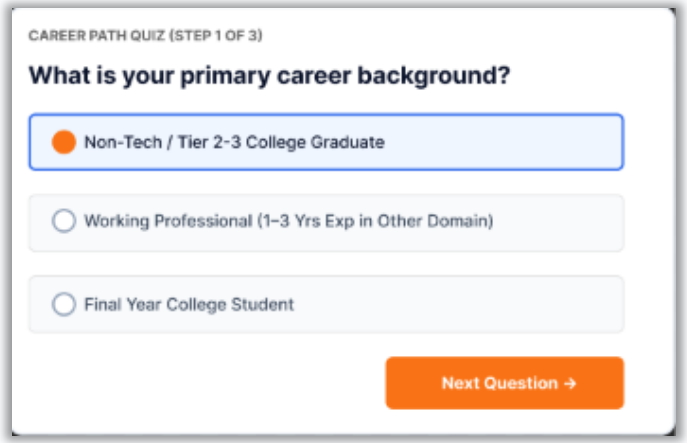

High-contrast orange button (**#F97316**) for **"Start Career Path Quiz"** to capture high-intent traffic.

❑ Social Proof & Context:

Real case study card (***"Aarav's Journey: Non-Tech to Data Analyst"***) building instant credibility.

2. Lead Generation Through Interactive Assessment

Step-by-Step Career Path Quiz Modal (Step 1 of 3)

❑ Frictionless Onboarding:

Breaking down complex choices into an engaging 3-step interactive quiz format..

❑ Clear Progression:

Step progress bar ensuring users understand the quick 2-minute time commitment.

❑ Dynamic State Management:

Active selection highlights with soft orange tints (**#FFF7ED**) and distinct border feedback (**#F97316**).

❑ Conversion Goal:

Direct routing to personalized program recommendations and mentor matching.

3. Comprehensive Curriculum & High-Converting Lead Magnet

Balancing Detailed Course Modules with Instant Syllabus Access

❑ Program Highlights:

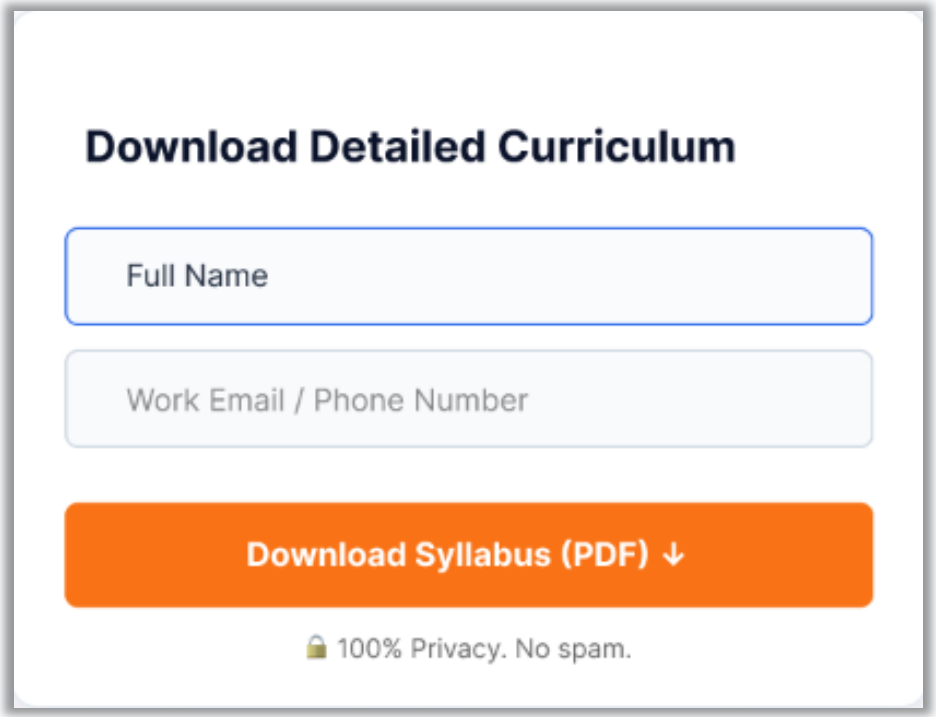

Detailed overview of SQL, Python, PowerBI, and GenAI modules tailored for non-tech switchers.

❑ Lead Capture Form:

Frictionless right-side sticky form (***"Download Detailed Curriculum"***) asking only for essential details (Name & Contact).

❑ Trust Badges:

4.8/5 ratings and 100% placement assistance guarantee displayed right below the primary title.

4. Industry-Aligned Roadmap & Real Transformations

Validating Student Success with Quantifiable Outcomes

❑ 6-Month Modular Roadmap:

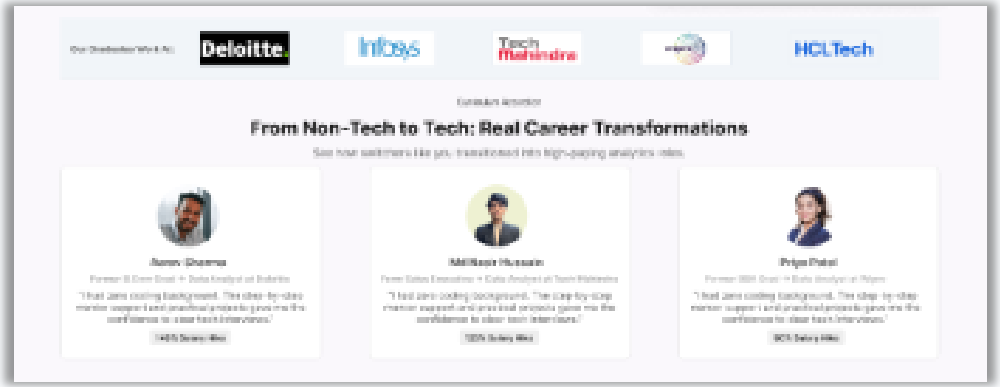

Expandable accordion structure detailing step-by-step skill progression from Excel to Capstone projects.

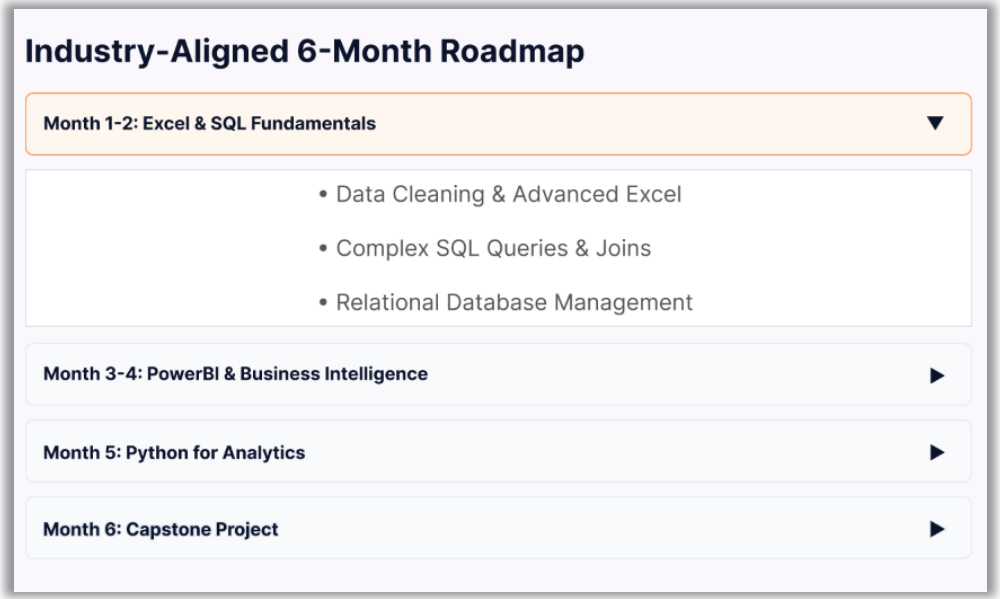

❑ Alumni Success Stories:

Verified case studies featuring former non-tech graduates (***B.Com/Sales***) highlighting actual salary hikes (***"140% Salary Hike"***)

❑ Hiring Partners Strip:

Displaying top recruiters (Deloitte, Infosys, Tech Mahindra, HCLTech) to reinforce placement credibility.

5. Expert Mentorship & Bottom-Funnel Urgency

Final Conversions with Scarcity and Expert Guidance

❑ Industry Leaders:

Showcasing expert mentors (*e.g., Ex-Data Lead at Amazon*) to eliminate credibility gaps.

❑ Video Walkthrough:

Real interview video preview to give prospective students a glimpse into career support.

❑ Urgency & Sticky Bar:

Bottom persistent banner featuring cohort scarcity (" 🔥 ***15 Seats Left for October Cohort***") paired with an immediate **"Enroll Now"** CTA.

TASK: 2

Custom Meta Titles, Descriptions, and H1 tags for all redesigned pages.

To implement optimized technical on-page SEO across all redesigned pages by defining precise meta titles, descriptions, H1 tags, and canonical URLs for maximum search visibility and user intent alignment.

1. Main Landing Page (Hero / Home Page)

SEO MATRIX• PAGE 1

Primary URL

❑ Target Focus Keyword

Data Analytics Course for Beginners, Non-Tech Career Switch, Full Stack Data Analytics Program

❑ Meta Title (58 Chars)

Data Analytics & AI Program for Non-Tech | Board Infinity

❑ Meta Description (152 chars)

Data Analytics Course for Beginners, Non-Tech Career Switch, Full Stack Data Analytics Program

❑ Primary H1 Tag

Not Sure Which Tech Track Fits Your Non-Tech Background?

❑ Secondary H2 Tag

Certified Career Track: Full-Stack Data Analytics & AI Program • From Non-Tech to Tech: Real Career Transformations • Industry-Aligned 6-Month Roadmap

❑ Canonical URL

https://www.boardinfinity.com/learning-path/data-analytics-and-ai

2. Interactive Career Path Quiz Modal (Lead Magnet Page)

SEO MATRIX• PAGE 2

Lead Magnet

❑ Target Focus Keyword

Career Path Quiz, Tech Career Switch Assessment, Data Analytics Eligibility

❑ Meta Title (54 Chars)

Take the 2-Min Career Path Quiz | Board Infinity

❑ Meta Description (148 chars)

Discover if Data Analytics fits your background. Get a personalized program recommendation, salary forecast, and mentor matching in under 2 minutes.

❑ Primary H1 Tag

Find Your Right Tech Track in 2 Minutes

❑ Secondary H2 Tag

Select Your Primary Career Background • Personalized Salary & Career Transition Forecast

❑ Canonical URL

https://www.boardinfinity.com/learning-path/data-analytics-and-ai#career-quiz

3. Curriculum & Syllabus Download Page

SEO MATRIX• PAGE 3

Content Asset

❑ Target Focus Keyword

Data Analytics Course Syllabus PDF, SQL Python PowerBI Curriculum

❑ Meta Title (59 Chars)

Download Data Analytics & AI Curriculum PDF | Board Infinity

❑ Meta Description (155 chars)

Get the complete week-by-week module breakdown, capstone project list, and tools covered (SQL, Python, PowerBI, GenAI). Download free syllabus now.

❑ Primary H1 Tag

Download Full-Stack Data Analytics & AI Detailed Curriculum.

❑ Secondary H2 Tag

Module-by-Module Skill & Project Breakdown • Capstone Projects & Practical Industry Tools

❑ Canonical URL

https://www.boardinfinity.com/learning-path/data-analytics-and-ai/curriculum

4. Course Pricing & EMI Details Page

SEO MATRIX• PAGE 4 *Bottom Funnel*

❑ Target Focus Keyword

Data Analytics Course Fees, Pay After Placement Data Analytics, EMI Options

❑ Meta Title (56 Chars)

Data Analytics Program Fees & EMI Plans | Board Infinity

❑ Meta Description (149 chars)

Transparent fee structure with flexible zero-cost EMI options and placement assistance. Check cohort dates and lock your seat for the next batch.

❑ Primary H1 Tag

Flexible Payment Plans & Upcoming Cohort Dates

❑ Secondary H2 Tag

Transparent Fee Breakdown & EMI Calculator • Placement Assistance & Career Transition Guarantee

❑ Canonical URL

https://www.boardinfinity.com/learning-path/data-analytics-and-ai/pricing

5. Success Stories & Alumni Testimonials Page

SEO MATRIX• PAGE 5

Social Proof

❑ Target Focus Keyword

Board Infinity Reviews, Non-Tech Data Analyst Case Studies, Salary Hike Proof

❑ Meta Title (58 Chars)

Non-Tech to Tech Career Switch Reviews | Board Infinity

❑ Meta Description (154 chars)

Read real success stories of B.Com, BBA, and non-tech graduates who successfully switched to Data Analytics roles at Deloitte, Infosys, and Tech Mahindra.

❑ Primary H1 Tag

Real Career Transformations: From Non-Tech to High-Paying Tech Roles

❑ Secondary H2 Tag

Verified Alumni Salary Hikes & Hiring Partners •
Student Interview Walkthroughs & Career Reviews

❑ Canonical URL

https://www.boardinfinity.com/learning-path/data-analytics-and-ai/success-stories

6. Technical Optimization Summary & Best Practices

Technical Summary

Character Limits Maintained

All Meta Titles are strictly kept under 60 characters to eliminate Google snippet truncation. Meta Descriptions stay under 160 characters with high-intent CTA copy.

Intent-Based H1 Alignment

H1 tags directly match the prominent high-contrast titles on visual UI screens, establishing 1:1 parity between user experience and search engine crawlers.

Duplicate Content Safeguards

Canonical tags are explicitly configured across all sub-pages and interactive modal overlays to prevent indexing issues and consolidate domain authority.

TASK: 3

JSON-LD Course & Schema Markup Tags

To generate structured JSON-LD Course and Organization schema markup tags that enhance search rich snippets, display star ratings, and boost SERP click-through rates.

Production-Grade JSON-LD Schema Markup

TECHNICAL IMPLEMENTATION

Structured Data

```
{
  "@context": "https://schema.org",
  "@graph": [
    {
      "@type": "Organization",
      "@id": "https://www.boardinfinity.com/#organization",
      "name": "Board Infinity",
      "url": "https://www.boardinfinity.com"
    },
    {
      "@type": "Course",
      "@id": "https://www.boardinfinity.com/learning-path/data-analytics-and-ai#course",
      "name": "Full-Stack Data Analytics & AI Program",
      "description": "Transition into tech with our 6-month Data Analytics & AI course...",
      "hasCourseInstance": { "@type": "CourseInstance", "duration": "P6M", "courseMode": "Online / Hybrid" },
      "aggregateRating": { "@type": "AggregateRating", "ratingValue": "4.8", "reviewCount": "1200" },
      "offers": { "@type": "Offer", "priceCurrency": "INR", "availability": "https://schema.org/InStock" }
    }
  ]
}
```

</> Placed directly within the <head> section of the course landing page.

Validates via Google Rich Results Test ✅

Technical Breakdown & SERP Enhancements

ANALYSIS

Course Schema Entity

Explicitly maps program attributes including 6-month duration (P6M), mode (Online/Hybrid), and structural course instance data for search engines.

Aggregate Rating Enrichment

Injects 4.8/5 rating badges with 1,200+ review counts directly into Google organic search listings to maximize click-through rate (CTR).

Knowledge Graph Linking

Uses @id graph references to bind the course entity to Board Infinity's main Organization entity for clear semantic relationship modeling.

Expected Result: Visual rich snippets on SERP with rating stars and pricing details

TASK: 4

Google Tag Manager (GTM) Event Mapping

Design a comprehensive GTM Event Specification Sheet to track user interactions, CTA clicks, form submissions, and PDF downloads across the landing page.

🔗 GTM Event Mapping : [Click Here]

GTM Event Specification Matrix

TRACKING FRAMEWORK ***GA4 Integration***

Action / Trigger	GTM Event Name	DataLayer Parameters	Description
Header / Hero CTA Click ("Start Career Path Quiz")	**CTA_Click**	cta_text, cta_location	Tracks high-intent hero button clicks.
Form Submission Button ("Download Syllabus (PDF)")	**Generate_Lead**	form_id, form_name	Fires on curriculum lead form submission.
Accordion Header ("Month 1-2: Excel & SQL Fundamentals")	**Content_Engagement**	accordion_section, action_type	Tracks direct PDF syllabus downloads.
Bottom Sticky Bar ("Enroll Now")	**Conversion_Intent**	button_name, cta_location	Tracks bottom sticky urgency conversions.

Thank You
